OASIS REST INTERNATIONAL

We host pastors, missionaries, and Christian leaders at Oasis homes around the world for week-long retreats at no cost to the guest, giving them space to rest and safety to unpack the burdens of ministry life.

Retreat. Encouragement. Safety. Transformation.

Dear Ministry Partner,

Because of your generosity in 2025, almost 2000 ministry leaders—who might have quietly disappeared into burnout, moral failure or simply run out of steam—got to experience R.E.S.T. at an Oasis instead.

Every number has a name. Every statistic a story. These are real people, real marriages, real ministries that are still thriving because your partnership made it possible for them to stop, breathe and be restored.

We hear hope in every encounter, and you can read the stories here:

Your generosity didn't just fund a retreat, it changed the trajectory of their stories. Because of you, thousands of leaders, their families and all those they serve are discovering that **R.E.S.T. makes a better story.**

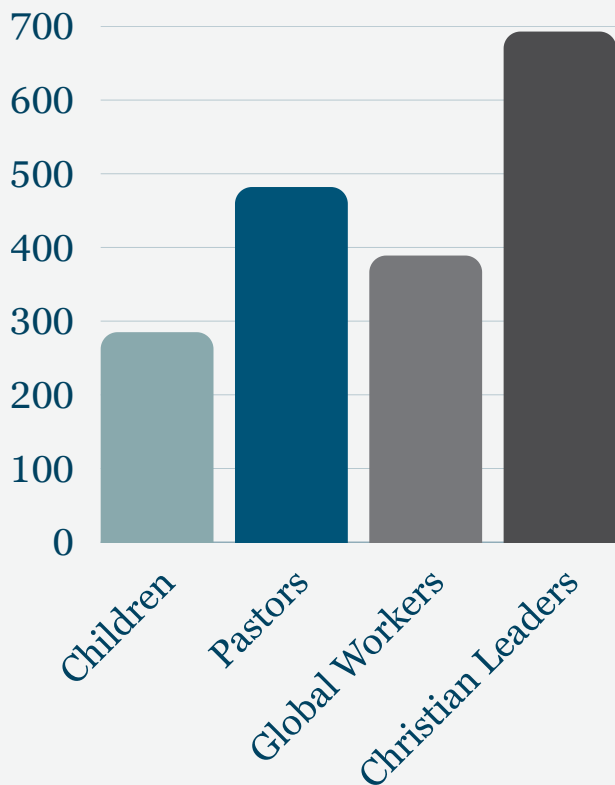

Thank you!

OASIS REST INTERNATIONAL

We believe R.E.S.T. makes a better story, not just for the leader, but for everyone they serve.

"It was a time of rest, as the place was absolutely beautiful, but transformative as well. Because we were encouraged in a safe environment, transformation just naturally happened! I am experiencing the overflow now, pouring into others from what we learned!"

- A Guest of Bethesda House Oasis

"The Hosts' wisdom, love, and the peaceful rhythm of our days made this retreat a space where we truly experienced safety and transformation. We left not just refreshed, but reoriented. We are so grateful."

- A Guest of Every Generation Farm

"Thank you for helping me taste and see how good the Lord is. I hope I will continue to give Him space to be good to me when returning to my hard place."
